Experience

Orlank Technology Pvt. Ltd.   **Dec 2024 – Feb 2024**
FrontEnd Developer

Developed Responsive Web Applications

– Developed and maintained web applications using HTML5, CSS3, JavaScript, and React.js, ensuring cross-browser compatibility and responsive design across all devices.

Integrated APIs and Optimized Performance

– Integrated RESTful APIs, implemented client-side data fetching, and optimized performance through techniques like lazy loading and code splitting.

Agile Methodology Participation

– Actively participated in Agile sprints, sprint planning, and daily stand-ups to discuss progress, share updates, and troubleshoot issues.

Dealers Auto Center   **May 2024 – Oct 2024**
FrontEnd Developer

Developed Car Reselling Platform

– Built a platform for 5starsmotors.com with two user roles (Customer and Dealer), enabling seamless vehicle browsing, purchasing, and inventory management. Restricted dealer-to-dealer purchases to enhance role-based interactions.

Advanced Image and Customization Features

– Implemented image upload (button and drag-and-drop) and category-based image switching. Developed functionality for dealers to purchase website templates and connect to custom domains, enabling branding customization.

Hi Tech Globle Solution   **Dec 2023 – Apr 2024**
Full Stack Developer

Full-Stack Development

– Worked as a Full-stack developer using React.js for the front-end, Node.js for the back-end, and MongoDB for database management in various web applications. Followed MVC architecture to ensure clear separation between data, business logic, and UI layers.

API Development and Integration

– Developed and integrated APIs for seamless communication between front-end and back-end, enabling dynamic data handling and responsive UI/UX. Managed front-end development, back-end operations, and API integration, ensuring smooth functionality and performance as application requirements evolved.

Coding Ninjas   **Apr. 2023 – Sep. 2023**
Teaching Assistant

– Communicated with students and working professionals, improving communication skills.
– Mentored 110+ students, addressing HTML, CSS, and JavaScript queries.
– Attained a 4.74 out of 5 rating.

Education

Krishna Institute of Technology   **Aug. 2019 – July 2023**
Bachelor of Technology in Computer Science and Engineering
Kanpur, U.P.

Guru Nanak Vidhyak Sabha Girl's Inter College   **Apr. 2018 – June 2019**
Intermediate Education
Lakhimpur Kheri, U.P.

Projects

Car Reselling Platform – 5starsmotors.com   **Dealers Auto Center**

– Developed a full-featured vehicle reselling platform supporting two user roles: Customer and Dealer.
– Implemented role-based access control, restricting dealer-to-dealer transactions for secure operations.

- Enabled image uploads via both button and drag-and-drop, with category-based switching.
  - Built dealer functionalities like custom domain linking and template purchasing for branding flexibility.
  - Explore the live website: **View**.

E-commerce   **Hi Tech Globle Solution**

  - Built a scalable e-commerce site with user authentication, product catalog, and checkout workflows.
  - Integrated MongoDB for handling products, orders, and user accounts with robust backend APIs.
  - Implemented real-time chat functionality using WebSocket for user-to-user interaction.
  - Managed global chat state with Redux for seamless session-based communication.
  - Designed a clean, responsive UI using Tailwind CSS.

Admin Panel   **Drypure**

  - Developed a secure admin dashboard to manage orders, inventory, and payments.
  - Implemented OTP-based payment verification and dynamic invoice generation.
  - Used WebSocket for real-time updates on order statuses and user activities.
  - Built with a responsive, modern UI using Tailwind CSS and deployed via Vercel & Render.
  - Explore the live admin panel: admin.cleanme.in **View Panel** (email: admin@gmail.com, password: 123).

Technical Skills

Languages: Java, JavaScript (ES6+), TypeScript, HTML5, CSS3, JSON, XML, SQL

Frameworks & Libraries: React.js, Next.js, Vue.js, Node.js, Express.js, Redux Toolkit, Bootstrap, Tailwind CSS, Material UI

Technologies & Tools: RESTful APIs, JWT Authentication, Multer, Cloudinary, Bcrypt, Mongoose, Axios, Yup, WebSockets, Socket.io

Database: MongoDB, Mongoose ODM, Firebase Realtime Database, MongoDB Atlas

Developer Tools: Git, GitHub, GitLab, Postman, Swagger, VS Code, Eclipse, npm, Vercel, Render.com, Netlify, Hostinger

AI Tools: ChatGPT, Github Copilot, Cursor, Trae, Bolt, Vercel V0

Other Skills: Responsive Web Design, Cross-Browser Compatibility, SEO Basics, Debugging, Agile Methodology, MVC Architecture
